

DRAWING SOUND

THEREMIN ART WORKSHOP

Join Montana artist and Theremin scholar, Marla Goodman for a 2-hour workshop that transforms sounds into images and back again! **Learn about a rare and fascinating electronic instrument: the Theremin.** Draw and interpret a “linear score,” learn the basics of Theremin technique, create a visual soundscape with provided art materials, and use a cool synthesizer that transforms pictures into sound!

No musical or art experience required!

**REGISTRATION (COST) is limited to
16 participants ages 16+ or 10+ with guardian.**
